1. INTRODUCTION

Virudhunagar District came into existence by the bifurcation of Ramanathapuram District vide State Government Notification, G.O. Ms. 347 dated 8.3.1985. It is bounded on North by Virudhunagar and Sivagangai District, South by Tirunelveli and Tuticorin District, East by Ramanathapuram District, West by Kerala State and NorthWest by Theni District. The district headquarters is Virudhunagar town.

It covers an area of 4232 sq.km. Virudhunagar District consists of 3 Revenue divisions namely Sivakasi, Aruppukottai and Sattur, 10 Taluks, namely Aruppukkottai, kariapatti, Rajapalayam, Sattur, Sivakasi, Srivilliputur, Tiruchuli, Virudhunagar and Vembakottai, 39 Firkas and 600 Revenue Villages. It is located at on interactive map 11°00'N77°28"E/12°N78°50"E.

2.GEOLOGY OF THE DISTRICT

The most of the area in Virudhunagar District is covered by a vast tract of black soil with residual hills and knolls. Since the area is covered by thick pediments, the geology of the area is studied in available exposure and quarry section opened up for limestone, dimension stone and blue metals for 8 various purposes.

The area exposes Khondalite Group of rocks and migmatite gneisses of Precambrian (V.R.Sowmi Narayanan, et al.,).

The Khondalite Group of rocks comprises Charnockite, crystalline limestone/calc gneiss, garnetiferous quartzofeldspathic gneiss (leptynite), all these litho units probably represent a sequence of metamorphosed sedimentary units of arenaceous, calcareous and argillaceous composition with various intermixtures of different proportions (V.R.Sowmi Narayanan, et al.,). Granite and quartz veins form the younger intrusive.

3. MINING ACTIVITY OF THE DISTRICT

Virudhunagar is endowed with minor mineral resources like, granite (Leptynite), blue metal, gravel, brick soil, Limekankar, Clay (others) and sand deposit and the crystalline limestone is major mineral resource in the District. Private companies play a major role in mining activity for minor minerals, whereas the Government agency like TAMIN takes part in mining dimension stones in the district. The major mineral crystalline limestone is being mined by private parties like Ramco Cements Limited and Tamilnadu State Government owned Tamilnadu Cement Corporation Limited for captive cement production and other small private parties. In total, 158 no's quarry leases for blue metal/rough stone have been sanctioned for road and building material, some leases for making M-sand, 34 granite (leptynite) quarry leased for dimension stone, 26 leases were granted for limestone to private parties to supply as a raw materials for cement manufacturing and soap industries, gravel quarries are leased for road material and making bricks.

6.District Mineral Foundation Trust

District Mineral Foundation (DMF) is a trust set up as a non-profit body, in those districts affected by the mining works, to work for the interest and benefit of persons and areas affected by mining related operations. It is funded through the contributions from the holder of major or minor mineral concession in the district as may be prescribed by the Central or State Government.

Objectives

The objective of District Mineral Foundation is to work for the interest of the benefit of the persons and areas affected mining related operations in such manner as may be prescribed by the State Government.

Establishment

State government notification vide G.O.Ms.No 3,4,5 dated 20-01-2016, enacted DMFT Rules, 2016 to establish District Mineral Foundation Trust in each district of the state as a non-profit body in the mining operation affected districts. In all 38 districts District Mineral Foundation Trust has been established in the state. State government notification vide G.O.Ms.No 38 which is also referred as Tamil Nadu State District Mineral Foundation (Trust) Amendment Rules, 2018 has mentioned directly affected areas as an area within a radius of ten kilometers from a mine or cluster of mines, irrespective of whether the area falls within the district concerned or adjacent district while the entire district comes under indirectly affected area.

Utilization of Funds:

The objective of District Mineral Foundation is to utilize the DMF Contribution in Pradhan Mantri Khanij Kshetra Kalyan Yojana (PMKKKY) and other welfare schemes to implement various developmental and welfare projects/programs in mining affected areas, to minimize/mitigate the adverse impacts, during and after mining, on the environment, health and socio-economics of people in mining districts. to ensure long-term sustainable livelihoods for the affected people in mining areas. According to PMKKKY at least 60% of the funds to be utilized under high priority areas and remaining 40% of the fund to be utilized under other priority areas.

DMFT and PMKKY

District Mineral Foundations (DMF) is a trust, setup as non-profit body in all districts of Tamil Nadu, to work for the interest and benefit of persons and areas affected by mining related operations. It is funded through the contribution from miners.

They derive their legal status from section 9B of Mines and Minerals (Development and Regulation) Act, 1957 as amended on 26 March 2015 as Mines and Minerals (Development and Regulation) Amendment Act, 2015.

This amendment came into force from 12 January 2015. The Government of Tamil Nadu Notification vide G.O. Ms. No. 57, Industries (MMD.1) 19th May 2017, enacted the Tamil Nadu District Mineral Foundation Rules, 2017 to establish District Mineral Foundation Trust in each district of the State as a non-profit body in the mining operation affected districts.

The Central Government has mandated the PMKKY (Pradhan Mantri Khanij Kshetra Kalyan Yojana) to be implemented by the DMFs of respective districts using the funds accruing to the DMF.

Establishment

District Mineral Foundation Trust is established by the State Government by notification as a trust or non-profit as perpetual body in the mining operation affected districts. Every mining lease holder contributes a fraction of Seigniorage Fee / Royalty, to the DMF as per rates prescribed by Central / State Governments. This fund is used for welfare of the people affected in the mining affected areas.

Objectives of DMF & PMKKY

The object of the District Mineral Foundation is to work for the interest and benefit of persons, and areas affected by mining related operations in such manner as may be prescribed by the State Government

The Pradhan Mantri Khanij Kshetra Kalyan Yojana (PMKKKY) are implemented by the DMF's of the respective districts using the funds accruing to the DMF. The overall objective of PMKKKY scheme are-

1. To implement various developmental and welfare projects/programs in mining affected areas, and these projects/programs will be complementing the existing ongoing schemes/projects of State and Central Government.
2. To minimize/mitigate the adverse impacts, during and after mining, on the environment, health and socio-economics of people in mining districts.
3. To ensure long-term sustainable livelihoods for the affected people in mining areas.

10. Case Study

Education

Education is fundamental to India's sustained growth and development. Recognizing this, a significant portion of the District Mineral Foundation Trust (DMFT) funds has been allocated to strengthen the education sector. Special focus has been given to infrastructure development and digital learning.

Under this initiative, **many facilities** have been introduced in various government primary schools across the district. This transformation enhances the quality of education in rural and mining-affected areas.

Further, construction of additional classrooms, provision of furniture, drinking water facilities, and improved sanitation infrastructure have also been taken up under DMFT support.

Health

Health is as vital as education, particularly for those residing in areas affected by mining activities. A substantial portion of DMFT funds has been dedicated to improving healthcare facilities and ensuring the well-being of local communities. Significant improvements have been made in **Primary Health Centers (PHCs)**, which include the installation of **generators** to ensure uninterrupted power supply, provision of **medical equipment** to improve diagnosis and treatment capabilities, and the construction of **compound walls** to enhance the safety and security of the facilities. These measures have strengthened the capacity of healthcare services, making them more accessible and efficient for the people living in mining-affected areas.

Physical Infra structure :

Physical infrastructure is a key driver of socio-economic development, especially in mining-affected regions. To enhance connectivity and access to basic amenities, DMFT funds have been utilized for the construction and upgradation of internal roads, approach roads to public institutions, culverts, and drainage systems. These efforts have significantly improved mobility, safety, and public service delivery in rural and underserved areas. Additionally, street lighting, waiting sheds, and public utility buildings have been developed to improve the quality of life for residents in DMF-covered villages.

Drinking water Projects:

Access to clean and reliable drinking water is a fundamental necessity, especially in mine-affected areas where natural water sources may be contaminated or insufficient. To address this, the DMFT funds have been utilized to install and maintain **Overhead Tanks** and **pumping drill holes** that ensure a continuous supply of safe drinking water. These infrastructure projects have been crucial in providing **clean water** to communities, mitigating health risks associated with waterborne diseases, and improving the overall quality of life in mining-affected regions.

11. Summary

In Virudhunagar District, a total of 119 villages have been identified as mine-affected, where high-priority welfare programs are being actively implemented. The district is witnessing a steady increase in overall fund accrual, largely driven by significant contributions from the rough stone mining sector to the District Mineral Foundation Trust (DMFT) fund.

As of now, a total of ₹6,18,82,650.40/- was received from various quarry owners. ₹1,47,564/- received the year where names of the parties are not known. ₹1,50,000/- was received during through court proceedings and the interest earned from banks during this year is ₹43,44,772/- during the financial year 2024–25. Of this, ₹3,58,66,336 (Rupees Three Crore Fifty Eight Lakhs Sixty Six Thousand Three Hundred and Thirty Six) for High Priority Projects and ₹1,75,54,256 (Rupees One Crore Seventy Five Lakhs Fifty Four Thousand Two Hundred and Fifty Six only) for other priority projects. Totally, ₹5,34,20,592/- (Five Crore Thirty Four Lakhs Twenty Thousand Five Hundred Ninety Two) has been utilized for various welfare projects directly benefiting around 11,102 individuals in the mine-affected areas and 5% fund Transferred from main Account Rs ₹10,80,120/-.

The remaining and future accruals will be efficiently utilized in the coming years to implement further welfare measures aimed at improving the standard of living of residents in these impacted villages.
